

Occupational Health & Wellbeing

**At UKIM, we care  
about our staff as  
much as we do  
about our clients.**

As an expanding Occupational Health & Wellbeing provider, we are interested to hear from both experienced OH Clinicians and those interested in pursuing a career in Occupational Health.

“  
**Make a  
difference  
with UKIM**  
”

[www.ukim-oh.com](http://www.ukim-oh.com)

We are experiencing huge growth due to our solid reputation for delivering holistic and effective occupational health and wellbeing services to our clients.

To ensure we are looking after our staff, we conduct annual Employee Engagement Surveys and regularly exceed 90% employee engagement scores. We attribute this to a combination of UKIM initiatives that focus on people's development and welfare; fostering a culture that promotes communication, creativity and proactivity; and a leadership team who works alongside all colleagues to encourage desired behaviours and an understanding of our shared direction.
